What do you know about youth hostels?
What do you know about S.A.Y.H.A.?

The Place to Stay

Many young people traveling around the world are backpackers or students on a low budget. They want to see the world, but they can't afford to pay for regular hotels. So youth hostels are the perfect solution for travelers without a lot of money to spend. Today there are more than 4000 hostels in over 80 countries, and the Saudi Arabian Youth Hostels Association (S.A.Y.H.A) offers accommodations in 21 cities across the Kingdom.

The accommodations in hostels are inexpensive because guests usually share rooms and bathrooms. Most hostels have a laundry room, telephones, Internet connection, and a restaurant. Some hostels also offer cooking facilities, such as a kitchen with pots and dishes. Youth hostels are usually in interesting places where young people can learn about the local monuments, history, and culture. Some hostels are even inside old historic buildings, castles, and on boats.

Hostels are definitely the place for socializing. The guests, who are from different cities or countries, have the opportunity to meet other young people and share experiences. Many hostels organize tours and fun activities. For example, S.A.Y.H.A. holds sports and painting competitions, and there are also prizes for the best community projects. So when traveling, youth hostels are the best place to stay and make new friends.

After Reading

Answer **yes** or **no**.

1. ____ Young tourists are usually rich.
2. ____ The rooms in youth hostels are usually cheap.
3. ____ You are allowed to cook in all youth hostels.

Before Reading

What do you know about web videos and e-learning?

E-Learning Is Easy!

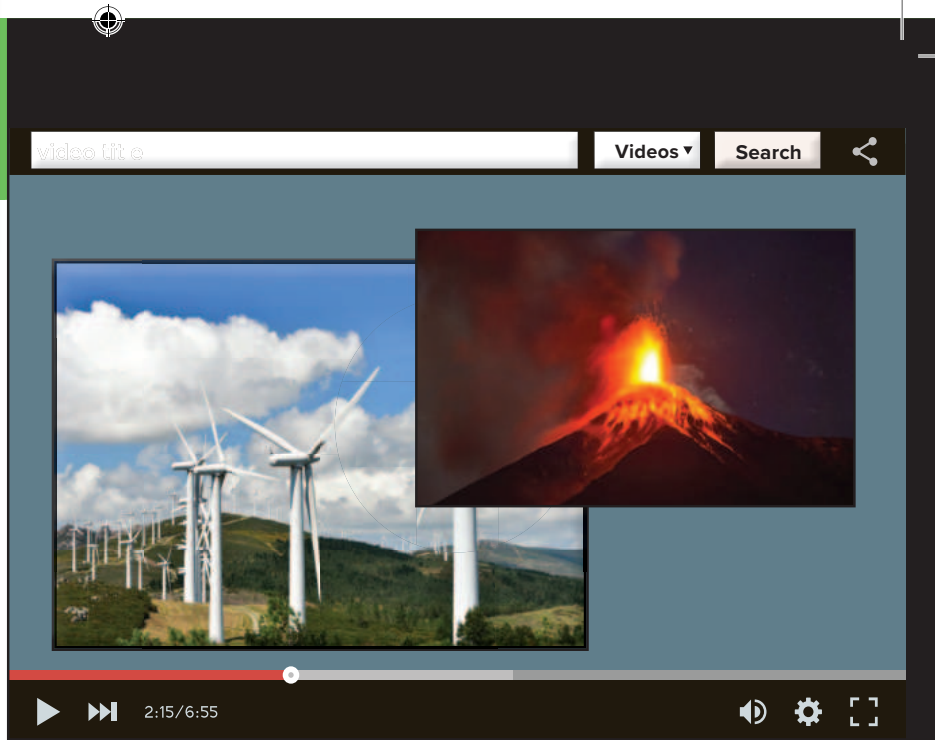

You see a young executive in a public place staring into his laptop and you think: "Oh, poor guy, he's working so hard." But, in fact, perhaps he's looking at Facebook or Skype. Perhaps he's chatting online with friends or watching a video from his family who lives far away. The Internet makes it easy to communicate. Lots of people share photos and videos with their family and friends. Webcams also make it possible for others to see you when you are talking online.

But web videos and webcams are much more than that. They are becoming popular tools for e-learning. Many teachers today show web videos in their classrooms. What better way to help students understand geography or science. And there are thousands of video clips to choose from—you can see active volcanoes, the latest developments in technology, or learn more about global warming. For some students and teachers, the Web is their classroom. More and more students are taking online lessons. Jobs and Employment in Saudi Arabia

The assets of Saudi Arabia

Saudi Arabia has many assets. We have many advantages – our place, our society, our economy and our people. We will use these to build the best future for our country.

We build and support a culture of determination and achieving goals.

Employment goals for 2030

Among our goals by 2030: To lower the rate of unemployment from 11.6% to 7%. To increase women's participation in the workforce from 22% to 30%.

A vision for the future

Our vision is built around three themes: A good society, a strong economy and a determined nation.

A strong economy

A strong economy needs people to have good jobs and to work hard. We started a 'Job Creation Team' to help people find jobs. We assist new businesses that give people jobs and training. We improve technology and digital systems to support businesses and we give training and advice to people who are looking for jobs. We improved the education system to fit with the jobs that the economy needs.

Half of the people in Saudi Arabia are under the age of 25. This is a huge asset to our country and economy. We support young people in finding jobs they enjoy and that help the economy and society.

* Adapted from the text of the Vision Programs at <https://vision2030.gov.sa/en> and from the text that was drafted by the Council of Economic and Development Affairs as instructed by the Custodian of the Two Holy Mosques King Salman bin Abdulaziz Al Saud.

After Reading

- List 3 things that Saudi Arabia does to support the economy.
 - _____
 - _____
 - _____
- What percentage of people in Saudi Arabia are under the age of 25?
- What kind of culture is the country building?
- Name one of Saudi Arabia's employment goals for 2030.

Discussion

- Is it more important to have a job you enjoy, or a job that pays a lot of money?
- How could you help someone who doesn't have a job?
- What job do you want to do? How will this help the economy and society of Saudi Arabia?

Journalists often need to travel to new places to discover stories. They see a lot of the world and they meet new people every day. The bad side is that this job can be very stressful and difficult because journalists have a lot of deadlines. This job is important for society because it gives people news about what is happening in our country and around the world.

8 Reading

Before Reading

Look at the photos. What do you know about this hobby?

Sky HIGH!

Aeromodelling is an exciting hobby. It attracts people of all ages. They all have one common interest—the love of flying small-sized airplanes. Most people no longer fly the old elastic-propelled planes. They no longer fly planes that are attached to two cables and that fly in circles around them. Nowadays, with the advances in technology, the big thing is radio-controlled airplanes. These models fly like real aircraft and are an aeromodeller’s ultimate dream. People control the movement of the planes through radio signals. Aeromodels can even perform aerobatics in the sky!

Radio-controlled airplanes come in all shapes and sizes: from the Mini Flyer-plane with a wingspan of 9 inches (23 centimeters), to the huge passenger jet models with a 29 1/2-foot (9-meter) wingspan. The price of the airplanes varies from \$30 to several thousand dollars. There are different methods of propulsion, or ways to power the planes. These range from electric motors to expensive jet turbines.

Jet-powered models are sophisticated aircraft. Their engines sound like those of full-size jet planes. These jet models can travel at speeds of 236 miles (380 kilometers) per hour—that’s more than the top speed of a Formula 1 race car. Jet models always attract large crowds at aeromodelling competitions. At these competitions, fliers usually do a series of actions with their planes, including launchings, landings, and doing maneuvers in the air.

Aeromodelling is a popular hobby all over the world. In the United States, for example, the Academy of Model Aeronautics has more than 170,000 members in 250 model airplane clubs. The organization advertises the great things about aeromodelling as a sport.

We use gerunds after certain verbs and phrases, such as:

can't stand	feel like	love	spend time
dislike	hate	prefer	suggest
enjoy	like	recommend	

Infinitives after Verbs

An infinitive is *to* + the base form of a verb. Like gerunds, infinitives act like nouns and answer the question *what*. The verbs *like*, *love*, *hate*, and *prefer* can go with either a gerund or an infinitive.

Before Reading

What do you know about international foods?
Discuss in a group.

Globalization of Foods

International fast-food chains are becoming more and more popular everywhere! You can have burgers, sandwiches, pizza, ice cream, coffee, and soft drinks in restaurants in the Americas, Europe, and Asia. In general, pizza in New York tastes more or less like a pizza in Italy or Hong Kong. However, there are some changes in the food according to the tastes and culture of the different countries. For example, in Japan, you can get a shrimp burger at McDonald's, and in KSA, the McArabia sandwich with chicken or beef is very popular.

Some famous brands had difficulty when they first entered certain countries. For example, in Peru, the

most popular soft drink was and still is Inca Kola. Coca Cola couldn't compete against Inca Kola, so they

bought the factory. Now they produce Coca Cola and Inca Kola. In China, people usually drink tea, but coffee is becoming more and more popular. There are about 4,800 Starbucks coffee shops in the country.

In the past, most ethnic foods were just local. Nowadays with globalization, ethnic foods are also becoming popular everywhere. Pizza is originally from Italy, but today there are over 78,000 pizzerias in the U.S., and the number is growing. Asian food is found in food courts everywhere. And one of the most popular Middle Eastern foods around the world is shawarma, which is sometimes also called doner.

LET THE GAMES BEGIN

Ask teenagers around the world how they love to spend their free time, and chances are they'll say video games. But no country can compare to South Korea for love of video games!

You walk around the COEX mall in Seoul on the weekend, and you look around. Teenagers are hanging out, people are shopping, families are eating in food courts, children are having fun... It's just like any other mall. And then you hear screams that are coming from the end of a corridor in the huge building. You walk in, and what do you see? Hundreds of young people are waving signs and chanting slogans. They are the fans of some of the nation's most famous sports stars, such as Lim-Yo-Hwan, Choi Yeon-Sung, and Suh-Ji-Houn. Their sport is something you don't normally find in the West. They are professional video gamers. People admire them for their skill in the science-fiction strategy game *StarCraft*. Next to these players is a panel of commentators and dozens of reporters. The players are not competing today. They are here for selection for a coming tournament.

There are two full-time video game television networks in Korea, and competitive gaming is one of the top televised sports. Thousands of fans attend the *StarCraft* tournament finals in stadiums.

But public video game areas aren't just for top players. South Korea has more than 20,000 public PC gaming rooms, or "bangs," which attract more than a million people a day. Video games are exciting and offer some real opportunities to solve problems and use strategic and critical thinking skills. Some parents actually encourage their children to play such video games as a way to relax, as an escape from academic pressure, and as a fun way to use brainpower.

3 Reading

Before Reading

Look at the name of the food in the title of each section. What do you know about each food? Is it healthful or not?

Foods: TRUTHS AND LIES

Every day, new discoveries about food help change ideas that people had about certain items. Some food villains of the past are perfectly acceptable in today's diets.

Margarine

Margarine was introduced officially in the United States in 1950 as a substitute for butter. However, margarine contained trans fats,* which were worse than the saturated fat in butter. Nowadays, makers of margarine take out trans fats, and some brands include ingredients that help to protect the heart.

Eggs

Eggs can be a problem for people with high cholesterol, especially if the eggs are fried. For healthy people, eggs are a good source of protein and are good for the heart and brain. However, you shouldn't eat a lot of eggs.

Chocolate

People long associated chocolate with obesity, high cholesterol, and acne, because it contains sugar and saturated fats. Recent studies show that dark chocolate protects the heart, because it reduces the bad cholesterol and helps to lower blood pressure. Some nutritionists recommend one square from a bar a day.

Sandwiches

People said: "A sandwich isn't a substitute for a good meal." But some sandwiches can be a good healthy choice. One example is turkey or smoked salmon, with cheese, tomato, avocado, and lettuce on whole wheat bread, especially if you have the sandwich together with a glass of fresh orange juice.

Oils

Oils often have saturated fat, and generally they aren't good for you. However, olive oil is an exception. Olive oil increases the "good" cholesterol and helps to eliminate the "bad" cholesterol. In ancient times, people used olive oil as medicine.

Milk

Milk and other dairy products such as cheese and yogurt are considered the perfect foods for young and old. They provide the body with necessary calcium. Unfortunately, a large portion of the world's population cannot drink milk because they cannot tolerate the lactose in cow's milk. They need to find calcium in other sources.

*Trans fats result when liquid oils are made into solid fats. They are like saturated fat and raise the "bad" cholesterol level. Trans fats can be found in cookies, snacks, margarine, and other processed foods.

2. Why are eggs good for you?

I wake up in the morning,

Got a whole day ahead.
I grab a cup of coffee
And make myself a bite.
My head is aching—
Didn't sleep all night.

Chorus

It's just another working day.
Nothing in this job to look forward to.
I want to get away—
Get away from this strife
I got to do something,
Something good with my life.

The boss calls me in:
"You're not doing your share.
You don't fit in,
And you don't seem to care.
Get your act together.
I've had enough.
Just one more chance
Or you'll be laid off."

And stand on the train.
Tomorrow at eight
I'll be back again.

F READING

Read the paragraph.

Fahd goes to school Sunday through Thursday. He works out three days a week on Monday, Wednesday, and Thursday. He stays healthy all year, and he's not sick a lot. He also hangs out with his friends after school and on weekends. They go to the mall every Thursday, and they usually eat lunch in the food court. He loves the pizza there.

One time he got Indian food, but he didn't like it. So now he just eats pizza. He and his friends like to chat online a lot, too. But he has to do his homework before he can go online. Some of his friends send him a lot of messages, but his friend Qassim only sends him one or two messages a week. Qassim doesn't have a lot of free time to go online. Qassim goes to swimming practice every afternoon, then he does his homework and goes to bed early. He can only go to the mall once or twice a month. But tomorrow, Qassim, Fahd, and their friends are going to hang out at the food court. They want to try the food at the new Indian restaurant!
